## MANCHESTER MAN IS FINED BY THE 'SQUIRE

Dunnivant Resists Officer of the Metropolis and is Duly Soaked.

W. H. Dunnivant, a white man from Manchester, was fined \$10 and cost by 'Squire Lonnie Graves, in Police Court yesterday morning, on the charge of resisting an officer and being disorderly on the street. Daniel Braxton, a negro, who insisted on "bumping in" the district, was fined \$5 for his conduct. The negro was told to skidoo, by the officer who had arrested Dunnivant, and Braxton replied that he paid taxes and didn't

take no twenty-three from none of them. He was shoed into the police wagon and yesterday soaked by the court.

Ike Murtcheim, a pawnbroker, was dismissed of the charge of interfering with an officer. John McGraw, a white man who is alleged to have stolen a typewriter machine, was sent to the pen to wait until the officer can find the man from whom the machine was swiped.

The drunks contributed their mites, and 'Squire Lonnie looked pleased. Justice Crutchfield is in New York, with Gilbert K. Pollock, seeing the sights.

West. In a letter to a friend Mrs. Spilling tells of a wreck which happened on the Santa Fe Railroad, forty miles from La Plata, Mo. A broken rail derailed nearly the whole train—three baggage cars, a tourist car, smoker, tender and engine were all thrown from the track and piled in a heap. Fortunately the last two cars did not leave the track, and their occupants were saved, experiencing only a few bruises and a bad shaking.

The letter is dated from Las Vegas, New Mexico, whence the party will proceed to Albuquerque, N. M.

The Wilson Company is organized to do a hotel business in North Emporia. The creditors of the alleged bankrupt firm are represented by Judge Samuel W. Goodwyn and Hon. L. D. Yarrell. Judge Waddill appointed W. W. Green, of Emporia, receiver of the alleged bankrupt firm and was directed to run its business until further order from the court.

DIED OF OLD AGE. Wife of the Man Who Built the First Engine Cab. (Special to The Times-Dispatch.) HARRISONBURG, VA., March 3.—Mrs. Ellen E. Magals died at her home, in Harrisonburg, yesterday evening at the age of 79 years. Her death was due to the infirmities of old age.

Winchester. Her husband, the late James Magalla, was one of the first locomotive engineers in the United States. He built the first engine cab to be used in this country and placed on his own engine when running on the old Winchester and Potomac Railroad, between Winchester and Harper's Ferry. At the time of his death he was the oldest engine man in point of service in America.

MEASLES EPIDEMIC. The Available Oyster Grounds Nearly All Taken Up. (Special to The Times-Dispatch.) HAGUE, VA., March 3.—There has been an epidemic of measles at Kinsale, near here, for some time.

Light Liquor Fines. (Special to The Times-Dispatch.) HAGUE, VA., March 3.—Westmoreland Court began Monday at Montross, Judge T. R. B. Wright presiding. The grand jury indicted eight parties for selling whiskey in local option territory. The whole colony except Colonial Beach is under local option. Four of them have been tried and convicted. H. Jones plead guilty and threw himself on the mercy of the court. The case of George F. Davis, of Mt. Holly, was tried, and the jury fined him \$20. Two others finally plead guilty and threw themselves on the mercy of the jury; and Mr. Davis was fined \$50, and George A. Clark, son of G. F. Davis above, was fined \$10. Such

thought unsuitable, and many new parties taking up ground. Montross Creek is now taken up almost solidly from shore to shore, and there is very little left along the shores of any of the other creeks.

small fines as these do very little in stopping such violations of the law. The judge has reserved his sentences until all the cases for this court are through, and some are expecting him to add one or more days' imprisonment in each case, as he has announced repeatedly in other counties that when parties to this traffic throw themselves on his mercy, he will never place the fine at less than \$100, and that he intends to break up the business, and will place heavier sentences and add the full penalty, when he thinks best.

Three Belated Steamers. NORFOLK, March 2.—The British steamer Mantinea, Captain McKinnon, from New York to the Barbadoes, via Norfolk for coal; the British steamer Chelston, Captain Hocken, from Boston for Norfolk; and the British steamer Hermla, from Boston to Newport News, all several days overdue, have arrived. All three steamers were delayed by the recent severe coast storm.
